

# AutoCAD Advanced

## Overview

AutoCAD Advanced is the second in a series of courses in AutoCAD. While our initial course, AutoCAD Fundamentals, focuses on the basic tools to create a drawing and setup files, this course strives to make the student more proficient in their use of AutoCAD and introduces more advanced techniques.

**Duration:** 24 Hours

## Prerequisites

- AutoCAD Fundamentals (or equivalent) and at least 80 hrs of experience with AutoCAD.

## Fundamental Topics

- Advanced Text Objects
- Working with Tables
- Defining dynamic blocks and attributes
- Outputting and publishing files for review
- Creating, publishing, and customizing sheet sets
- Managing layers
- CAD Management and System Setup
- Enhancing productivity by customizing the AutoCAD interface
- Using macros and custom routines
